

Game Cancellations and Reschedules

Only a **Home Club President** or **Home Club SCSL Director** can cancel a game.

Games must be cancelled within 2 hours of game time unless it involves an Island team then minimum time is no less than 4 hours.

After that time the game can only be cancelled by a Referee for field deemed unplayable.

Reschedule process:

Home Club has 72 hours to submit 3 different dates and times to the opposing coach and SCSL director. Failure to follow allows the away team to claim as the home team and will provide new dates. Opposing club then has 72 hours to accept or decline the provided dates. If all the dates are declined then home club needs to submit 3 new dates and times. Games must be rescheduled 2 weeks from the latest scheduled game.

Schedule is locked:

Wednesday before each weekend and is unlocked on Sunday night. **NO** reschedules on Thursday or Friday before that weekend game.

The reschedule option will drop off games 3 days prior to them being played as we have in the past with GotSoccer. This procedure will take both towns to get it moved. The town moving the game will hit the reschedule game button and enter the new date/time, then the opposing town will go in to confirm the move. Not until both of these are met will the game get moved.
